Re: Bologna paper - flash clearance

Thank you so much, Ex. 6 - Personal Privacy

The only request I would make is that we attempt to tighten up the agenda due in part to two reasons. The first being they need to be back to their hotels by 430 so that they have plenty of time to get cleaned up for their first bilateral at 6PM. This may present a challenge for those staying at the Tower Hotel if they only have about 30 minutes to get cleaned up. The second being the concern about how warm it will be. I don't want the Administrator to find himself too uncomfortable with the heat and unable to give his full attention to the program.

Any help you can offer here would be sincerely appreciated as we are truly grateful for how wonderful you've been with the agenda.

Millan

Hi EPA friends!

Ex. 6 - Personal Privacy and I just talked and will accept most of these changes. She is adding the U.S. del and the cable on the Paris Agreement, which we'll attach.

Please clear.
